MANIFEST YOUR DREAMS RETREAT

A 2-day retreat designed for women
who want to follow their dreams and
realise their full potential.

Manifest your Dreams Retreat

Are you willing to take the brave step to ask yourself what you want for your life? Do you feel like you haven't yet realised your true potential? Is ME time something you dream of?

Unlock your potential through creativity and nature, so that you can make your dreams a reality.

The retreat is a rare and valuable opportunity to step off life's treadmill, using carefully crafted sessions to help you reflect on your life, your goals and your competing commitments, and think about what is next for you.

Precious time in which to uncover what it means to be intentional about the way in which you wish to live, work and engage in all aspects of your life.

Imagine...Actually taking some time out to reflect on your life and work, stepping out of your comfort zone, planning for the future, being surrounded by like-minded & like-hearted women, having the space for self-reflection and creative thinking, walking in nature attending workshops focused on moving you forward whilst having fun!

I can't recommend it highly enough.
Being here for the two days, I have
come back energised and transformed.
- Katherine Gale

The Retreat

Down Hall Country House Hotel, Matching Road, Hatfield Heath,
Essex, CM22 7AS

Our retreats use the idea of the four rooms, inspired by the work of late author, Rumer Godden.

Everyone is a House with Four Rooms: A Spiritual, a Physical, a Mental, and an Emotional room. Most of us tend to live in one room most of the time, but unless we go into every room, every day, even if only to keep it aired, we are not complete.

Through engaging exercises, encounters with nature, unlocked creativity, deep reflection and the support of a sisterhood of women, coaches with decades of experience will guide you to take the steps you need to come home to yourself.

To get the most out of the retreat, we believe it's important to be in beautiful and inspiring surroundings. Being in the same old environment creates the same thinking and the same results, taking yourself out of that creates the opportunity for new thinking, for creativity and to unlock your deep knowing.

We have chosen Down Hall Country House Hotel, because it's surrounded by enchanting grounds, with aged trees, secret gardens and

lush greenery – the perfect space for reflection. The hotel facilities and grounds are the perfect place to focus, relax and re-discover yourself with like minded people.

The rooms are spacious, comfortable and quiet. The bathrooms are spacious if you want a long soak or just to spend a bit of extra time preening in front of the mirror. There is a sauna and a steam room that you can access free of charge, with time built into day 2 of the retreat to do so. You can release those aching muscles, knead those knots in your shoulders and cleanse your skin and soul.

The food and drinks are truly scrumptious, three course meals that don't just dance beautifully on the tongue but are a feast for the eyes as well.

Space is designed into the weekend to relax and recharge, whether that be over delicious meals or meditative walks through the grounds. Precious time without the usual demands of life means that women can prioritise themselves for a change, which was is really appreciated and much needed.

The retreat takes place over 2 days.

The Schedule

Saturday 4th February

10am Your Inner Compass

We begin with a powerful visualisation connecting you with your inner compass and then guiding you to consider the rooms you spend time in and the ones that you don't, why that is and how you want it to change.

1pm Lunch

2pm The Spiritual and Physical Rooms

This experiential session will explore the relationship between your inner and outer nature.

Drawing from the nature on your doorstep and the wonderful trees on the retreat grounds, you will set off with a series of writing prompts designed to explore your own relationship with nature and the connections with your own interior. Consider this a short adventure into the wild nature of who you are.

5.30pm Close

7.30pm Group Dinner

Sunday 5th February

**“I attended Jenny’s Happenista retreat at a point where I needed to-focus my why. The planning, communication and delivery lived up to expectation. A lot of thought had been put into the user experience, the workshops were diverse and relevant and I left refreshed and re-energised.
- Hephzi Angela Tagoe -**

9-11am A Date with Yourself

Grab this opportunity to have a date with yourself. You can explore the sumptuous grounds in a meditative walk, curl up in a corner on a comfy sofa and reflect, or take the opportunity to use the spa. You will be provided with some tools to guide your reflection and make the most of this time of this important 'me' time.

11am Rewrite your Story

What's your inner story and how can you convey that outwardly? Is your story holding you back or propelling you forward? Stories frame our thinking. Our beliefs are based on the stories we tell ourselves – change the story, change the outcome and change your life. "Where

to start?" A powerful story to develop is one that you tell others about you.

12.30pm Lunch

1.30pm Intentions in Action

Lastly, Coach Jenny Garrett will move you effortlessly to setting your new intentions, on how you will intentionally visit your four rooms – Spiritual, Physical, Mental and Emotional – daily. You will make a commitment to yourself and others, anticipating what you will need to keep yourself on track; such as the accountability groups and online support you desire to stay intentional in daily life.

3.30pm Departure

What's in it for you?

You will leave the retreat with:

1

Time out to move out of overwhelm, refresh and reflect on your life balance

2

A clear, achievable plan for your year ahead that looks at your personal as well as professional life.

3

A network of like-minded, supportive working women to help you.

4

A reconnection with your playful self

5

A feeling of being refreshed, revived and supported

6

A deep sense of taking back control

It really was what I needed in my life. I can't stop telling everyone at work about it!

Why a retreat and not a workshop?

- Being in the same old environment creates the same thinking and the same results, taking your self out of that creates the opportunity for new thinking, for creativity and to unlock your deep knowing.
- Taking time out isn't selfish, it means that you will be able to be more present, energetic and be a nicer person to be around in the long term.
- According to the Chopra Centre Research – It can be difficult for people to break away from their lives but the benefit of a retreat, is that you are more likely to keep up your new practices when you get back.
